SOUTHWEST CORRIDOR IMPROVEMENT PROJECT

From Saturday, July 20 through Sunday, August 4, shuttle buses will substitute for Media/Elwyn trains between 49th Street and 30th Street Stations. Among the highlights of this project, is the work to reconfigure and rebuild the high speed switches. These improvements will provide more reliable service; make it possible to safely increase train speeds through the interlocking, and establish better maintenance windows for this critical section of Regional Rail infrastructure. The turn back track near University City will allow Operations to continue to serve the station in the event of an interruption on the system. The newly installed cross-over for the Media/Elwyn Line will complete the configuration for Arsenal interlocking.

SAFETY TIPS

- NEVER pass between cars when a train is moving
- NEVER attempt to board a moving train
- ALWAYS wait for the train to come to a complete stop BEFORE exiting
- NEVER ride in the vestibule or on the steps of a moving train
- NEVER lean against the train doors
